

Step inside

The market has a huge number of stalls. Those around the inner walls and archways are permanent traders with a fabulous mix of goods and services. The market's indoor café is always popular for a refreshment stop.

The perimeter of the market contains an eclectic mix of shops, stalls and more cafés. There's plenty of outdoor seating, for dining al fresco.

Look out for special themed events throughout the year, such as our **Dickensian Christmas Fayre** and **Whitsun Garden Festival**.
