Planning Application 2672/20/HHO – 31 Glanville Road, Tavistock

A Member provided an update on the outcome of a West Devon Borough Council Development Management & Licensing Committee Meeting, which he had attended, where the above Planning Application had been considered. Tavistock Town Council had previously objected to the Application, when it had been considered.

Whilst it was felt that the Town Council's comments had largely been ignored, it was however felt that 3 points had emerged from the Meeting which had been relevant to the points the Town Council had raised;

1. that the Applicant had refused to submit a Heritage Assessment, despite having been asked to, and that their Architects who were known for their heritage planning and design work, had also refused to provide such an Assessment;
2. that West Devon's Conservation Officer had subsequently prepared the document on the Applicant's behalf, which had been used to form the basis of his advice to the Committee;
3. that West Devon Officers had advised the Committee that their validation requirements were considered 'ambiguous', and cast doubt when a Heritage Assessment was required. The outcome of the Meeting was that the Planning Application was approved. However, the Head of Planning at West Devon confirmed that

he had been tasked with re-writing the validation requirements to make it clear that a Heritage Assessment was always required for Planning Applications affecting the World Heritage Site, the Conservation Area and Listed Buildings and their settings. It was also confirmed that Tavistock Town Council would be consulted on this matter.

b) NEW Planning Applications

New Planning Applications to West Devon Borough Council. The views of the Committee were attached at Appendix B.

RECOMMENDED THAT the views of the Town Council, as listed in Appendix B, be passed to the Local Planning Authority for consideration. (Appendix 4).
