**Statement of Reasons**

The proposed extension to the 30mph speed limit is considered necessary to reduce the speed of traffic adjacent to the new residential development scheme off Callington Road and on the approach to the new roundabout on the A390. This is to improve road safety for all road users in the area. The extension will include a length of restricted road (30mph by virtue of new street lighting) and 70 metres of 30mph speed limit beyond the extent of the streetlighting.

Specifically, this will avoid danger to persons or other traffic using the road or any other road or for preventing the likelihood of any such danger arising and to preserve or improve the amenities of the area through which the road runs.
