

# IRONMONGERY SCHEDULE

**Project: Tavistock Guildhall - Rev 1**

**Project Address : -**

**Ref: 002635**

**Date: 21/03/19**

**Revision: 1**

**Prepared By: Rolf Coates**

## **SWS**

**Waterside  
Collett Way  
Brunel Industrial Estate  
NEWTON ABBOT  
Devon TQ12 4PH**

**Tel : 01626 333900  
Fax : 01626 324297**

### **GENERAL INFORMATION**

SWS aim to provide this schedule and/or quotation in accordance with relevant British Standards and current legislation.

If master keying of locks is included in the specification we require you to supply exact details of your keying requirements.

Kicking plate sizes are approximate. Final site sizing will be required from the contractor prior to ordering. Prices may be adjusted by SWS.

SWS reserves the right to amend the specification in line with their policies of continual improvement and product development. You should check specification prior to door preparation.

Any revision or alterations to requirements should be notified immediately to SWS and floor plans and door schedules submitted to SWS's address.

Normal door thickness of 44mm is assumed (Unless Indicated). Should any other door size be used certain items may have to be adjusted to accommodate this.

Whilst every care has been taken in preparing this schedule to interpret your requirements correctly, we suggest that you check it carefully for errors or omissions.

The Copyright of this schedule is owned by SWS. You are expressly prohibited from modifying, copying, publishing, transmitting, displaying, distributing, reproducing, licensing, altering, amending, selling or transferring any information or other content without SWS's prior written consent.
